

QUALITY POLICY STATEMENT

It is the policy of Creative Waterjet to manufacture products which are fit for their intended purposes and entirely in conformance with the Company quality procedures and client requirements.

A system of process and procedure manuals is used to describe how the Quality Policy is implemented, to give instructions and guidance to employees and to provide a picture of the overall quality aims and organisational goals of the Company. It is our aim to continually improve the effectiveness of our quality management system and operations in accordance with the requirements of ISO 9001 : 2008 and to continue satisfying these goals.

It is the responsibility of the Quality Manager to ensure that the quality system procedures are implemented, maintained and reviewed on a regular basis. It is mandatory that all employees abide by the quality system procedures.

The Company publishes this statement in the knowledge that the quality of its products and services and its good name depend on the everyday actions of its employees.
